

Technical data

product versions

- K12 - plywood shell
 - K22 - plywood shell, seat upholstered pad
 - K32 - plywood shell, seat and backrest upholstered pads
 - K42 - fully upholstered
- Frame versions

- H - four legs
- HF - 'spider' frame
- HS - 'spider' frame on glides, swivel
- HC - 'spider' frame, on castors
- V - wire frame, stackable
- V1 - cantilever, stackable

2P - armrests (only in H and V versions)

frame

Types of frame:

- 4-legged (H) - metal frame, fi 16 mm
- cantilever (stackable, non-stackable - V1) - metal frame fi 22 mm
- wire frame (V) - fi 12 mm
- 'spider' (HF/HS/HC) - metal frame fi 20 mm.

Frame colour:

- black (powder coated)
- metallic (powder coated)
- chrome (chrome)

table top

Com H 2P and V 2P may occur with table top (2PB). Folded table top (always black composite (HPL)), assembled on the right side, equipped with anti-panic system which

prevents blocking the table top in case of sudden movement.

armrests

In Com H 2P i V 2P armrest pad:

Standard – plastic pad (ABS), always black

Option – plywood pad

In Com K1, K2, K3 colour and type of pad is always the same as shell.

In Com K4 (fully upholstered) plywood pad finishing:

- plywood: standard colours of lacquer (H5, H6, H7, H8, H11, H12),

- natural veneers (HM): (HM): HM10 (bleached oak), HM11 (classic oak), HM12 (cardinal oak), HM20 (wenge classic), HM30 (teak)

- laminates HPL (LW): LW01 (white), LW02 (black), LW04 (grey).

Versions V1 and VN1 - plastic pad, always black.

glides

Version H :

- standard – hard glides
- option – felt glides
- option – teflon glides

Cantilever version – V1 / V :

- standard – with hard glides
- option – felt glides
- option – teflon glides

Version HC:

- Decorative castors
- Hard castors - for soft floors
- Hard castors - for soft floors

shell

Made of beech plywood; cut foam - density 35 kg/m³.

Three shapes of the shell

- round
- rectangular
- waisted

4 types of finishing:

- beech plywood monoshell
- beech plywood monoshell, seat upholstered pad
- beech plywood monoshell, seat and back upholstered pad
- beech plywood shell, fully upholstered

Colours of plywood:

Standard:

- colours of lacquer - H5, H6, H7, H8, H11, H12

Option:

- laminates HPL (LW): LW01 (white), LW02 (black), LW04 (grey)
- natural veneers (HM): HM10 (bleached oak), HM11 (classic oak), HM12 (cardinal oak), HM20 (wenge classic), HM30 (teak)

Seat cover always black, prevent upholstery from losing its shape during stacking.

Option - shell with handle in upper part of the backrest (C), enabling moving the chair (not applicable on full upholstered versions).

net weight

- K12H - 5,5 kg
- K22H/ K42H - 6,0 kg
- K32H - 6,5 kg
- K12V1, K22V/K42V- 7,0 kg
- K12V2 - 7 kg
- K12H 2P/ K32V, K22V1, K42V1 - 7,5 kg
- K22H 2P, K32V1 - 8,0 kg

- K32H 2P - 8,5 kg
- K12V1 2P - 10,5 kg
- K22V1 2P, K42V1 2P - 11,0 kg
- K32V1 2P - 11,5 kg

gross weight

- K12H - 10,5 kg
- K12V1/ K22H, K42H - 11,0 kg
- K12V/ K22V1, K32H, K42V1 - 11,5 kg
- K12V2 - 12 kg
- K22V/ K32V1, K42V - 12,0 kg
- K12H 2P, K32V - 12,5 kg
- K22H 2P/, K42H 2P - 13,0 kg
- K32H 2P - 13,5 kg
- K12V1 2P - 14,5 kg
- K22V1 2P/K42V1 2P - 15,0 kg
- K32V1 2P - 15,5 kg

stacking

Plywood shell - 15 pcs
Version with upholstered pads - 12 pcs.
Fully upholstered version -10 pcs.

additional information

- Joining in rows
- Chairs and rows numbering
- Trolley for transportation
- Joining of chairs and rows - "anti-panic" system
